

I visited Pre-primary school education program, The organization <sup>in Itarain Ashadeep</sup> is a very grassroots level org. They are managing and serving to the community in a very effective manner. The kids at this center are learning well and wish all the best to the org. for next level of upgradation to support the ~~the~~ at community level.

The visit to Ashadeep was a very good experience, this organization is very active in health care, primary-education awareness programme and other activities. The staff are very cooperative and welcoming. Thank you so much for all the overwhelming co-operation.
